Stewardship Campaign Results – The congregation responded in a very positive way during our spring Stewardship Campaign "Walk with Jesus." Approximately \$246,000 was the total amount pledged by those who returned cards. Estimated projections (based on past giving records) for those who did not turn in cards is \$102,000, for a grand total of \$348,000. Based on these estimates, along with other projected income, we believe that the 2010-11 budget adopted by the Board and approved by the Congregation in May will be supported. The total budget for the 2010-11 church year is \$357,342. The Finance Team will continue to closely monitor the status of our income during the year and will recommend adjustments to the budget if needed.
