Sensory Break Room

By offering a Sensory Break Room with our Special Needs Ministry, we can invite a family affected by disabilities to be part of our church as we provide a calming and safe place staffed by a volunteer for their child. This room can help the child with a gradual transition into the church with a goal for the child to be part of the typical children's program whenever it is possible. It will be a place for the Buddy and the child to go whenever the child needs a calming environment. It is also the place where parents/children meet with their Buddy.
